July 11, 2023

Marqeta's move into Brazil will allow its current global customers to expand more easily into a rapidly evolving fintech hotspot, while also opening up access to its modern card issuing platform for local Brazilian fintechs and payment innovators.

OAKLAND, Calif.--(BUSINESS WIRE)--Jul. 11, 2023-- [Marqeta](#) (NASDAQ: MQ), the global modern card issuing platform, today announced its expansion into Brazil, with a new partnership with Latin American banking-as-a-service platform Fitbank and network certification with Visa. As part of Marqeta's partnership with Fitbank, the company will both be a Marqeta customer, using it as a payment processor, and serve as a BIN sponsor for Marqeta's customers looking to launch in the region.

With its launch in Brazil, the Marqeta platform is now enabled to operate in more than 40 countries worldwide. Brazil is the 10th largest economy in the world, [according to IMF data](#), and is ranked as the [largest fintech market in Latin America](#). It is a logical expansion point for many of Marqeta's global customers and has a base of local fintechs looking to build new innovations on modern payment infrastructure.

They are currently a principal member of Visa with future plans for network expansion. Marqeta will serve as Fitbank's tech platform to support local card issuance and card payment processing in Brazil, while also using Marqeta's Real-Time Decisioning engine to boost its fraud management capabilities. Fitbank will also serve as Marqeta's local BIN sponsor and banking as a service provider.
